Christmas Roses

(HELLEBORUS NIGER)

FLOWN DIRECT FROM HOLLAND!

MIRACLE WINTER FLOWER - BLOOMS OUTDOORS FALL THRU SPRING!

Featured in September Issue of "Flower Growers" Magazine

These rare Christmas Roses produce many rose-like, showy white flowers with bright yellow centers. Leaves are decorative and evergreen the year 'round. Each plant stands about eight inches tall, and flowers keep their beauty for many weeks.

Freezing temperatures and snow won't harm them. If a cold snap should catch them, they'll freeze solid- BUT, when the temperature rises and the sun shines, they'll open as if nothing had happened!
